Bandung, Indonesia

PROFIL

I am an undergraduate Computer Science student specializing in Cloud Computing at BINUS University, with an interest in technology, data, and digital solutions. I have academic experience in Python, C, JavaScript, HTML/CSS, Data Structures and Algorithms, Computer Networks, Artificial Intelligence, and Data Processing.
I have experience in community service committee activities, Sales & Marketing. These experiences have developed my communication, teamwork, leadership, time management, and problem-solving skills. I am adaptable, eager to learn, and able to work independently or collaboratively.

EXPERIENCE

Community Service Committee – 2024 – Present

- Coordinated event schedules and ensured activities were conducted according to the planned timeline.
- Managed participant attendance and maintained accurate attendance records.
- Assisted in managing and recording financial transactions for social activities.
- Collaborated with team members to ensure the smooth execution of events and activities.
- Communicated with participants and team members to coordinate event-related needs.

ICORIS 2026 — Research Project | Co-Author & Presenter

"A Hybrid Fuzzy Logic-Based Intelligence Traffic Signal Control With Optimization Mechanism"

- Collaborated with a research team to develop a hybrid fuzzy logic-based approach for intelligent traffic signal control.
- Contributed to the research process, including data processing, fuzzy logic implementation, and analysis of traffic signal control mechanisms.
- Participated in developing and evaluating the proposed optimization mechanism.
- Contributed to the preparation and writing of the research paper.
- Presented the research findings at ICORIS 2026 and received a conference presentation certificate.

EDUCATION

- S1 Computer Science Binus University - Undergraduate
- SMA Santa Maria 1 Cirebon

SKILL

- Technical: Python, C, JavaScript, HTML/CSS, Data Structures & Algorithms, Computer Networks, AI, Data Processing
- Soft Skills: Communication, Teamwork, Leadership, Time Management, Problem Solving, Adaptability
